DETAILED ACTION

Election/Restrictions

Claims 11-13 remain withdrawn from further consideration pursuant to 37 CFR 1.142(b), as being drawn to a nonelected invention, there being no allowable generic or linking claim. Applicant timely traversed the restriction (election) requirement in the reply filed on 1/9/04.

Claim Rejections - 35 USC § 103

Claims 7,8 are rejected under 35 U.S.C. 103(a) as being unpatentable over APA. See paper mailed 3/8/04 for this rejection.

Response to Arguments

Applicant's arguments filed 9/7/04 have been fully considered but they are not persuasive. Applicants are arguing that an open circuit milling operation shows unexpected results for their specific material being treated when compared to the material being treated in a closed operation. While this may be true, clearly APA teaches that it is known to treat similar materials in an open operation so that using applicants' material in an open operation would have been obvious to one of ordinary skill in the art.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

Art Unit: 3725

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
